

Marskalken 2 informs – July 2021

Plumbing renovation

Work in the apartments will be finished during the summer, and then the work sheds will be removed.

Instructions for care and maintenance, manuals and routine for guarantee issues will be distributed to every apartment.

Ventilation is now adjusted

Every one is now responsible for keeping the ventilation devices in the apartment clean, to keep good function.

The common rooms

Toilet/shower in the common rooms will be finished during summer. The rooms will be available for rent again in August.

Shower cabin and water heater for sale

Contact the board if you are interested in the shower cabin and water heater from the common room.

Change in interest levels

Due to the changes in interest levels will rents/fees be adjusted during the autumn.

Old loam or flowers

Please dispose of these in the compost container at the back of the house.

Barbeque /grill

Mind the risk for fire when barbequing outside. Also please mind that neighbours might be disturbed by smoke.

Ash and used coal

Ash and used coals should be carefully extinguished and then put in the house hold garbage.

The bulky refuse rooms are closed July - August

Contact the board if you need to dispose of bulky refuse.

The board wishes you all a nice summer!

Contact or opinions

The best way to reach the board is to mail: info@marskalken2.se

You reach several members of the board simultaneously and get faster answer.
