

# Marskalken 2 information – September 2022

## Plumbing renovation

The work on the toilet/shower in the common room is ongoing, as well as finishing activities in the apartments.

## Autumn cleaning day - 15 October at 11-13

We gather outside between 42/44.

The cleaning day will end with common fika and barbeque.

A container will be available between 14 to 16 oktober. As always – paint, chemicals, old tires, electrical waste or appliances etc is for each person to transport to the recycling central on their own accord.

## Cleaning in the bike rooms

As it is crowded in the bike rooms is everyone asked to keep unused bikes somewhere else.

Before the cleaning day will all bikes be marked with a red/white band. If you want to keep your bike – TAKTE THE BAND OFF. Bikes with bands still in place will be removed on the cleaning day.

Privat possessions like furniture, sleds etc will be disposed of on the cleaning day.

## The blue containers for paper recycling are lost

New containers will be provided.

## Interested in joining the board?

Please contact the appointment committee, names are posted in the entrances.

## Renovating kitchens older than from 2000

As there is risk for asbestos in glue/tile filling is asbestos check is needed.

If you plan to renovate an older kitchen, please contact the board to agree on a test, the associations will stand the test fee.

## Waste rooms open on Tuesdays 18-18.30

The containers can only be filled up to the rim, due to safety regulations.

## Extra general meeting on 18th October

The meeting is to vote on a correction in the associations statutes.

## Proposal to the annual General Meeting

Please send proposals in good time before the meeting on November 22<sup>nd</sup>.

## Contact / opinions

The best way to reach to board, or someone in the board is mailing to:
